# How to Measure

Our garments are cut to accommodate active working conditions.

Here's how to get the correct size and ensure a comfortable fit.

## Ladies

Be sure to measure your body. Do not measure over shirts or slacks. Hold tape measure close but not tight against the body.

**Bust:** Measure across fullest part of bust/chest keeping arms relaxed at sides. Keep tape measure straight and parallel to the floor.

**Waist:** Measure at your natural waistline at its smallest part.

**Hips:** Measure across the fullest part of your hip.

## Men

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body. Do not measure over shirts or slacks.

**Neck:** Measure around base of neck (lowest part). Number of inches equals neck size.

**Sleeve Length:** Start from the center of the back of the neck and measure across the shoulder to the elbow and down the wrist.

**Chest:** With arms at sides, measure across fullest part of the chest, under arms and across shoulder blades. Keep tape measure straight across back.

**Waist:** Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

**Inseam:** Measure inside of leg from crotch down to top of shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

# Catalog Terminology

## TUFF-Pil<sup>Plus</sup>

Tuff-Pil Plus High Tech Acrylic fibers used for uniform ready sweater apparel offer lo-pil performance, colorfast and durability. The garment is designed to last 30-50 home wash cycles.

## MoistureWICK

Moisture wicking fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

Teflon® and Scotchgard™ – Special fabric protection impedes water and stains from penetrating the garment for a period of time.

## SOILRelease

Garments with a soil release finish provide for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

Fabric is specially treated to prevent wrinkles and the taped seams are fused to keep the shirt crisp and wrinkle free.

**Wrinkle Resistant** – Fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

UV protected means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

## NaturalStretch

Fabric is engineered to provide natural stretch, flexibility and comfort.

Repreve® fiber contains recycled materials – including plastic bottles. When you see this symbol on the tag, remember: It's what's in it that makes it recycled. With Repreve, you can be sure you're creating a reprieve for the planet.

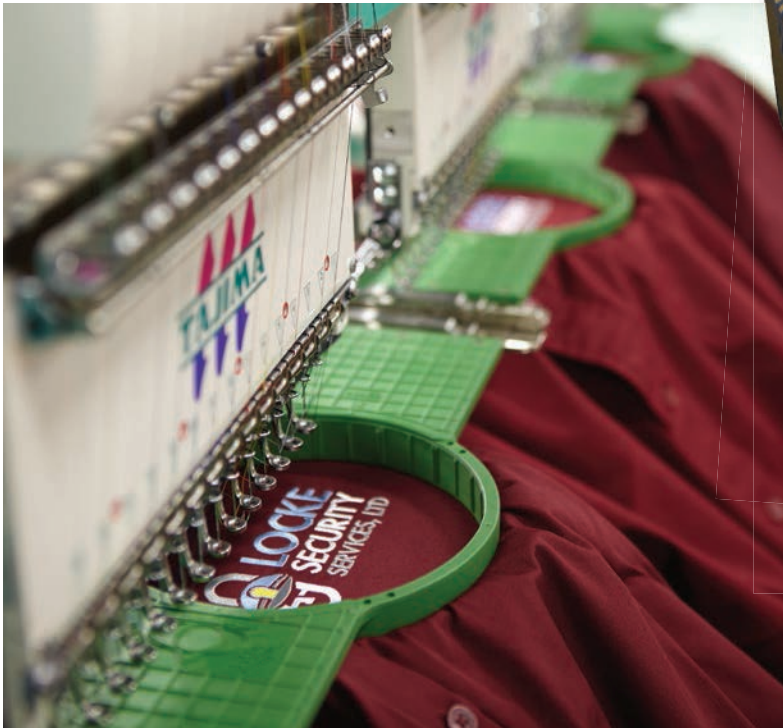

**Home Launder / Machine Washable** is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30-50 wash cycles or more.

**Dry Clean** refers to products that are recommended to be professionally dry cleaned with very limited exposure to humidity. The garment is designed to last 30-50 dry clean cycles.

## IndustrialLAUNDER

Laundry friendly is a product designed to withstand the large batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50 wash cycles or more.

# SERVICE EXCELLENCE COMMITMENT

**Inventory** – Our commitment to deep inventory makes your shopping experience easy.

**Sizes that Fit** – Avoid the embarrassment of mis-matched uniforms. We have garments to fit your whole crew – with men's and ladies tops from XXS to 6XL and bottoms from 0 to 54.

**Decoration** – Shop and decorate all in one location, easy and convenient.

**Custom Apparel** – Go from stock to stunning by modifying a catalog style. Your ideas and our design experience will create image apparel that suits your style.

**Social Responsibility** – We are dedicated to provide merchandise and services with a high standard of quality and social responsibility. We are committed to operate in accordance with labor laws and ethical standards, and require our vendors to align to this commitment.
